Resolution 1

U.N. Organ: General Assembly

U.N. Committee: General Assembly

Topic: Information and Communications Technology

Sponsor: Kenya

The General Assembly,

Deeply concerned of HIV/AIDS infections in Kenya that can be prevented with advanced medical technology,

Keeping in mind of the economic troubles in Kenya which further makes it difficult to obtain technology resources,

Noting with deep concern other diseases that need medical attention in Kenya,

Fully alarmed by the low life expectancy rate of age 54 that could be lengthened with more advanced medical technology,

1. Requests donating more technology resources;
2. Further recommends companies like GE to send refurbished medical technology to Kenya;
3. Urges countries to hold fundraisers to aid Kenya with medical technology.
